

### Plenary

Pick a word in turn from the 20 above and without saying the word itself, describe it for the children to guess. For example, you could describe *kindness* as follows: a type of behaviour marked by acts of generosity, consideration, or concern for others, without expecting praise or reward. Or *problem* could be described as: a matter or situation regarded as unwelcome or harmful and needing to be dealt with and overcome. The purpose of the "EAL topic word sheet" is to prepare pupils in your group for whom English is not their Mother tongue. By translating the given words from English into their Mother tongue, the hope is that each pupil will develop a good topic vocabulary so that they can engage with the subject without a limited vocabulary hindering them. It is also hoped that by encouraging parents to assist as they are able, this will build links between home and school.
